The South Carolina Department of Health and Environmental Control's (SCDHEC) Solid Waste Permitting Section has received a permit application from Hampton County facility, for a permit modification of the existing Construction, Demolition (C&D) Landfill located in Hampton County. The proposed landfill modification will be a vertical expansion extending the remaining landfill life by 20 years.

SCDHEC requires that a permit be issued for C&D landfills pursuant to SC Code Ann. Sections 44-96-10 et. Seq. (Supp. 2006) and 25A SC Code Reg. 61-107.11, *Construction, Demolition and Land-Clearing Debris Landfills* (Supp. 2006). The types of wastes that can be accepted at the Hampton County C&D Landfill are described in Appendix I of the above-mentioned regulation. Acceptable wastes include, but are not limited to, land-clearing debris, bricks, blocks, shingles, untreated lumber, and other wastes listed in Appendix I that have not been in contact with lead-based paint, hazardous constituents, or petroleum products. Wastes that are not acceptable at C&D landfills include household garbage, hazardous waste, and infectious waste. For a more detailed description of Appendix-I-acceptable wastes, please contact one of the persons below to view the application or to request a C&D landfill fact sheet. A copy of the regulation may also be viewed at the following website: <http://www.scdhec.gov/lwm/html/regs.html>.
